

*Trinidad and Tobago Chemistry Olympiad*

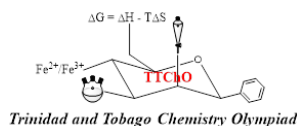

**Committee Report**  
**2023 / 2024 Trinidad and Tobago Chemistry Olympiad**  
**Level A and Level B**

The 5th iteration of the Trinidad and Tobago Chemistry Olympiad (TTChO) represented a return to face-to-face examinations after three years of online assessments. The two venues were The University of the West Indies, St. Augustine Campus; and Naparima College.

The 5th edition of the TTChO saw 187 students in Level A from 13 schools; and 107 students in Level B from 17 schools. This would not have been possible without the encouragement and motivation of the Teachers. We salute you.

*Special mention* must be made of Soren Narine and Aaron Subero, both in Form 4 of Fatima College who have placed 1st and joint 3rd, respectively, in the overall Level A standings.

As with previous editions, some students in the lower forms have scored better than their counterparts above them. This continues to bode well for their future performance.

*The top students in all forms will be invited to a prize giving ceremony at  
The University of the West Indies, St. Augustine Campus.*

**Once again, congratulations to all participants, as we look forward to the 2024/2025 TTChO!**
