

***Trinidad and Tobago Chemistry Olympiad***

**Committee Report**  
**2024 / 2025 Trinidad and Tobago Chemistry Olympiad**  
**Level A and Level B**

The 6th iteration of the Trinidad and Tobago Chemistry Olympiad (TTChO) was conducted at two venues: The University of the West Indies, St. Augustine Campus; and Naparima College.

The 6th edition of the TTChO saw 181 students in Level A from 16 schools; and 156 students in Level B from 19 schools. This would not have been possible without the encouragement and motivation of the Teachers. We salute you.

<b><i>Level A</i></b>	<b><i>Total Number of Students</i></b>
Form 2	14
Form 3	31
Form 4	58
Form 5	78

<b><i>Level B</i></b>	<b><i>Total Number of Students</i></b>
Lower 6	67
Upper 6	89

In both Levels A and B, Naparima College had the greatest number of participants: 28 and 32; under the guidance of Ms. Hema Jagernauth

Many of the top students last year repeated their outstanding performance in the previous editions of the TTChO:

- (i) Saiesh Rampersad of Presentation College Chaguanas, represented Trinidad and Tobago at the 2023 International Chemistry Olympiad in Switzerland (as a Form 5 student), placed 1st in Lower 6 and Overall Level B for 2024, and is joint 1st in Upper 6 and Overall Level B for this year.
- (ii) Sameer Sookoor of Naparima College, was joint 2nd in Level A for 2023, and is joint 1st in Upper 6 and Overall Level B for this year.
- (iii) Nishal Hosein of Naparima College was 1st in Form 2 in 2024, and is 1st in Form 3 this year
- (iv) Yuvraj Roopnarine of Naparima College was 3rd in Form 2 in 2023, 1st in Form 3 in 2024, and is joint 1st in Form 4 this year
- (v) Soren Narine of Fatima College, was joint 2nd in Form 3 in 2023, 1st in Form 4 in 2024, and is 1st in Form 5 and Overall Level A this year
- (vi) Veer Ramdhanie of Presentation College Chaguanas, was 3rd in Form 4 in 2024, and is joint 2nd in Form 5 this year and Overall Level A

Special mention must be made of Rehan Ali of Naparima College, in Lower 6, who placed 4th Overall in Level B. As with previous editions, some students in the lower forms have scored better than their counterparts above them. This continues to bode well for their future performance.

The top students in all forms will be invited to a prize giving ceremony at The University of the West Indies, St. Augustine Campus. The top students in the Overall Level A and B standings will be invited to advanced training at The UWI, from which the final team of 4 will be selected. Trinidad and Tobago is expected to field a full team to participate at the 2025 International Chemistry Olympiad (IChO) in Dubai.

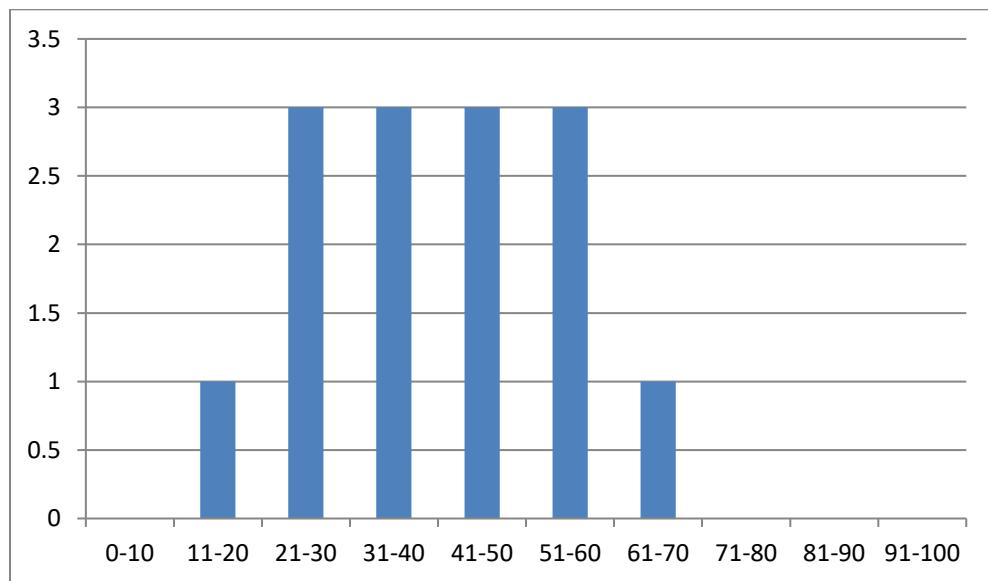

**Once again, congratulations to all participants, as we look forward to the 2025 IChO!**
